

Remarks/Arguments

Applicants thank Examiner McPherson for his careful examination of this application and for the clear explanation of the claim rejections and for conditionally allowing claims 2 through 11. In response to the Office Action of November 16, 2006, applicants amend this application as follows:

1. Claim 1 is canceled; and
2. Claim 2 is written in independent form and incorporates all the elements in claim 1.
3. Claims 12 through 25 are canceled from this examination.

Applicants respectfully submit that this application is now in allowable form and request further examination of this application and timely allowance of the pending claims 2 through 11.

Respectfully submitted,
